

What we can do for you

There are endless possibilities when it comes to finding the right place to live and to getting settled in. To make sure that you can focus on the things that are important to you, we take care of everything else. Our goal is to make you feel comfortable here in Germany right from the start!

And should there be anything you need to be taken care of that is not on the list, just let us know! Again, the possibilities are endless – everything can be tailored to your needs.

Housing

Let's face it – without the proper place to stay no one can really feel at home.

We will find the perfect house or apartment for you and your family.

Visa

This is a key requirement for any relocation and can often be a long and frustrating process.

We make sure that you receive all required visas and permits well ahead of schedule.

Relocation

Bringing over just a couple of things or the entire household?

Either way, we will find the right company that is going to take good care of it all for you.

Education

The right schools are very important – especially abroad.

We will make sure that your child or children can continue their education right where they left off.

Orientation

Getting to know your new surrounding can become unexciting when you don't know where to go.

Allow us to show you all the right places you need to know.

Transportation

Getting around your new town is just as important as it is back at home.

We will show you all you need to know about public transportation or help you find the right car.

Integration

Living abroad often means living in an entirely different culture with a language you don't speak yet.

We offer an integration service tailored to your needs and help to find the right language courses.

Contracts

These days you need to be equipped with all sorts of technology (e.g. cell phone).

We can assist you in finding the right places to go to and can help with any other contract or legal issue.

Moving back home...

You are moving back home or plan to move someplace else? We hope you enjoyed your stay here in Germany!

Let us take care of everything just one more time!
